

End role, seen now End role, wanted Middle role, seen now Middle role, wanted

Master

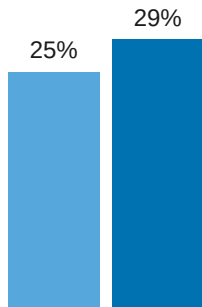

humans use nature
freely; it exists
for them

end

Manager

humans manage
nature rationally,
with care

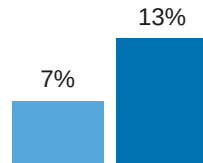

User

humans use nature
as a resource to
keep for the future

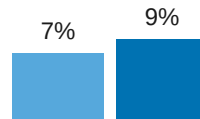

Guardian

humans, the stronger,
take care of nature

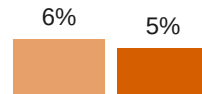

Partner

humans should not
intervene; nature
decides for itself

Object

humans are subject
to the forces
of nature

end

middle

position on the scale: from most to least human control over nature (coded 1 to 6)
